

Clinical Officer Capacity Building in Africa

Rick Berzon, DrPH, PA
National Institutes of Health

7th Annual IAPAE Conference
Philadelphia, PA, USA
13 October 2014

Overview

PROPOSAL:

That IAPAE support a plan to bring together country representatives from across Africa at its 2015 annual meeting on the continent; for the purpose of determining how to go about building capacity and expanding resources to improve and standardize didactic, clinical and mentoring curriculums for the education and training of clinical officers.

Discussion:

Questions To Address

- ◆ Should IAPAE become involved in this sort of initiative?
- ◆ Who will realistically benefit from this initiative?
- ◆ Support & Contacts (present and future outreach)
- ◆ Logistics (how, who, where)
- ◆ Resources (financial support)

Discussion: Next Steps

- ◆ What should be the series of next steps to successfully carry out this project?
- ◆ How can this initiative be efficiently moved forward so that the delivery of quality health care instruction and mentoring services is assured?
